

## **IN-SITU DISEASE TERMINOLOGY: A Refresher Course**

The following terms are synonymous with in-situ disease (behavior code 2):

- Adenocarcinoma in an adenomatous polyp with no invasion of the stalk
- Bowen disease (reportable for sites other than C44. )
- Clarks level I for melanoma (limited to the epithelium)
- Comedocarcinoma, noninfiltrating (C50.\_)
- Confined to epithelium
- Hutchinson melanotic freckle, NOS (C44.\_)
- High grade intraurothelial dysplasia (urinary system: C65.\_, C66.9, C67.\_, and C68.\_)
  - Code to M8120/2
- High grade intraurothelial neoplasm (urinary system: C65.\_, C66.9, C67.\_, and C68.\_)
  - Code to M8120/2
- Intracystic, noninfiltrating (carcinoma)
- Intraductal (carcinoma)
- Intraepidermal, NOS (carcinoma)
- Intraepithelial, NOS (carcinoma)
- Involvement up to, but not including the basement membrane
- Lentigo maligna (C44. )
- Lobular neoplasia (C50.\_)
- Lobular, noninfiltrating (carcinoma) (C50.\_)
- Noninfiltrating OR Noninvasive (carcinoma)
- Noninvasive mucinous cystic neoplasm (MCN) of the pancreas with <u>high-grade</u> dysplasia (C25.\_, effective January 1, 2014); replaces the term mucinous cystadenocarcinoma, non-invasive
  - Code to M8470/2
- No stromal invasion or involvement
- Papillary, noninfiltrating or intraductal (carcinoma)
- Precancerous melanosis (C44.\_)
- Queyrat erythroplasia (C60. )
- Squamous Intraepithelial Neoplasias, grade III (SIN III) which include:
  - o Anal Intraepithelial Neoplasia, grade III (AIN III--C21.0-C21.1)
  - Cervical intraepithelial neoplasia, grade III (CIN III--C53.0-C53.9, effective January 1. 2009)
  - o Laryngeal Intraepithelial neoplasia, grade III (LIN III—C32.0-C32.9)
  - o Vaginal intraepithelial neoplasia, grade III (VAIN III—C52.9)
  - o Vulvar intraepithelial neoplasia, grade III (VIN III—C51.0-C51.9)

## NOTE: CASE MUST BE REPORTED AS INVASIVE WITH BEHAVIOR CODE 3 IF ANY--

- Malignant invasion is present, no matter how small (microinvasion, etc) OR
- Malignant metastasis is present in lymph nodes or tissue beyond the primary site
